THE NIGHT WINDOW

Cultural partner – Short-film development pitch

Hook: Use a fictional disagreement as an opening for discussion, without making a group endorse either character.

Logline: Before midnight, a repair-kiosk owner must choose between her lease deposit and correcting a battery record that could save a courier cooperative from paying for her mistake.

A repair collective, worker organization or community venue might find the themes useful, subject to its own priorities. A possible mutual benefit is an accessible screening plus space for participants to discuss the costs of equipment failure. No partner has been identified or contacted.

Proposed next step: After a finished cut, invite a narrowly scoped conversation only with separate outreach authorization.

Status and scope: Original short, revised host-agent demonstration draft. No cast, finance, partners or distribution attached. Single-agent self-review; no independent endorsement. Local draft only, unsent. This small demo does not establish feature-quality guarantees.
